IF I WERE TO DIE TODAY

*Now I am gone and the minutes turn into hours,
and the hours turn into days,
the heaviness inside your heart may be
too much to bear.*

*I know you will long to hear my voice,
sing the songs that I loved.*

*See my face, sit beside me,
tell me you love me, hear my laugh,
or just have those simple conversations
we once had.*

*What I want you to understand is that even though all
of that physical stuff is gone from sight,
our love will never cease to exist.*

*Each day, when you feel like you cannot put
one foot in front of the other,
watch the sun slowly rise through the clouds
and know that I am with you.*

*When night falls and the sorrow rears its ugly head,
go outside and look up at the stars and the moon,
and realise the intricacies of the
universe and speak to me,
I am there.*

*Speak my name often, tell my story,
and teach everyone who comes into your path.*

*Close your eyes and open your spirit
and you will feel me beside you – guiding you every
step of the way.*

You all gave me the best life a man could ask for.
